

## **Welcome to the Gold Coast for the sixth annual SeaFire.**

Australia's only international fireworks competition, SeaFire will see teams from across the world compete over two nights to take home the 2020 SeaFire Championship title. Featuring dramatic and creative pyrotechnic displays fired from barges, involving jet skis, and choreographed to musical soundtracks, the event will light up the sky over Surfers Paradise, ensuring a great night of fun for all ages.

The Queensland Government is proud to support SeaFire through Tourism and Events Queensland because it brings visitors to the region and supports local jobs. The event also contributes to the state's It's Live! in Queensland events calendar which will generate \$880 million for Queensland's economy in 2020.

If you are visiting Surfers Paradise, I encourage you to explore more of the Gold Coast, from its iconic beaches through to its charming hinterland villages and inviting restaurants and nightlife.
